www.internationalglobalhealth.com

We are delighted to announce our new Bespoke Health Insurance Solution, International Global Health (IGH) is V2.0 of our original TMH product. Tailored to all residents of Indonesia and South East Asia, whilst being supremely effective worldwide.

We have curated a range of benefits of this product that we know are comprehensive, relevant and most required by our clients. Some of these new benefits are listed below:

1. All holders of IGH plans are able to be treated in Australia should they desire, an option that in practice Australian Medical facilities and hospitals do not generally encourage for overseas Insurance companies.
2. Groups are no longer limited to employees of companies, any special interest group may avail themselves of the discounts available for 3 adults or more, family members are counted as one with the Insured.
3. Children can now be insured on their own policy with the parent as a guardian.
4. People up to 70 years old are eligible to join, once accepted there is no age limit for extension of the policy, chronic care issues are covered.
5. Cash free outpatient services are available to selected groups at a small surcharge, presently arrangements are confirmed in the following countries:

14 hospitals in Singapore,
235 in Australia.
514 in Indonesia.

There are over 6000 hospitals in the worldwide network and third party center across the planet.

The plan details and premiums are below, they are for Individuals, groups attract a discount depending on the number of members enrolled.

Please feel free to contact us to discuss.

More ways to reduce your premiums

Significant reductions in premium are available through several mechanisms

We have developed a series of Network hospital options. The benefits and cover are as above with the Sapphire, Emerald and Diamond options however these Network hospitals are generally less expensive whilst being medically excellent. We pass on the savings in lower premiums

Network A Hospital list: Some of the hospitals in this list are amongst the best in the region but are less expensive than other top hospitals, while still providing excellent service.

Network B Hospital list: The hospitals in Network B are all medically highly competent, their rates are lower than others, but there is no compromise in service. Often Doctors on their panels work at some of the other more expensive hospitals also.

Other Discount Options

Select a discount on your base premium, ranging from 15% to 70%, a discount will require you to pay excess if you do claim, the excess is payable only once a year after which all claims are met fully but can reduce your premium significantly.

Room rates: The standard payment for single private room occupancy is \$460 per day. If you elect a semi private room up to \$240 per day your annual premium will be reduced by 7.5%

Group Discounts, Small groups of employees are afforded a discount ranging from 10% (3 to 9 employees) 15% (10 to 20 employees) above 20 to be discussed
